

## Instructions and Notes:

### 1) *Overview of QHP Landscape files*

This website contains plan information for states in the Federally-Facilitated Marketplaces and State-Partnership Marketplaces:

- Medical plans in the individual market
- Medical plans in the small group (SHOP) market
- Dental plans in the individual market
- Dental plans in the small group (SHOP) market

### 2) *Identifying plans based on geography and plan criteria*

To browse for a plan by specific data fields, click on the icon at the top of the column for a specific field of interest such as state, county, or metal level. For example, to select a specific county of interest, select the county name from the drop-down menu in the second column and click "OK" when done. The file will filter the data and show plan information only for the selected county. Multiple data fields may be selected for filtering and browsing at one time.

***Important note:*** As the Qualified Health Plan (QHP) Landscape data were pulled on October 29, 2014, some data elements in these files are subject to change in the near future as CMS completes data integrity efforts. It is important to note that the QHP Landscape will be updated regularly to reflect the plan data that consumers will see when shopping for a Marketplace Qualified Health Plan (QHP) starting on November 15, 2014.

*Note on Data Source:* This document includes data from plans in the Federally-facilitated Marketplaces and State-Partnership Marketplaces. The data were pulled from the Health Insurance Oversight System (HIOS) for Federally-facilitated states, the System for Electronic and Rate Form Filing (SERFF) for the partnership states, and the Office of Personnel Management (OPM) for Multi-State Plans. The data are current as of October 29, 2014, and are subject to change.
